

Request form for standard class C certificates of the Swiss Government PKI v1.9

Request for (additional) authorisation

Request for authorisation revocation

On behalf of the organisation mentioned below, I hereby request authorisation to issue standard class C certificates of the Swiss Government PKI:

Note:

The authorisation is granted based on the Class B authentication certificate used. When you renew Class B, the LRAO authorisations must also be adapted to the new certificate. **You must actively request this adaptation of the authorisation!**

Requester	
Last name, first name, suffix	
Telephone number (requester's direct line)	
Email	
Organisation	
Canton/office/company	
Business address/number	
Postcode, city/town	
Telephone number	

Various templates are available for class C certificate issuance. **ONE** template is issued per line. A CHF 50 processing fee is charged for each policy (=template) ordered.

Template order:
